			4/18/13 - Utilities Fire Backflow Protection Comment: DCDA's currently service this property for fire service. If modifications are being made to the onsite fire sprinkler system, a letter describing the modifications is required for review and approval by the Utilities Department. The Utilities Department may require that the existing DCDA's be removed and replaced with RPDA's in order to comply with the requirements established by the Nevada Revised Statutes for protection of the public potable water system. (do not remove this comment)
